# ASTRAEA GIN

A MYTH IN THE MAKING

THE PACIFIC NORTHWEST IS BOTH OUR HOME AND OUR MUSE. WE MAKE GINS THAT CELEBRATE THE FLORA OF OUR REGION, DISTILLED TO CAPTURE THE ESSENCE OF EACH WILD BOTANICAL. ALTHOUGH MADE IN THE TRADITION OF LONDON DRY, ASTRAEA WAS FORGED WHERE THE EVERGREENS GIVE WAY TO THE ROLLING MEADOWS, WHERE THE JAGGED MOUNTAIN RANGES DROP INTO THE SEA. MEET US HERE, WHEREVER YOU ARE.

## MIST

MIST IS REFLECTIVE OF THE PNW'S BRIGHT, CRISP AIR ON A COLD WINTER'S DAY. IT PERFORMS BEAUTIFULLY AS A DRY MARTINI AND AS A GNT WITH A SPRIG OF ROSEMARY AND A GRAPEFRUIT SLICE. MIST IS EXCEPTIONALLY WELL BALANCED WITH A LIGHT TOUCH OF JUNIPER.
